

Section 1. Chemical product and company identification

Product identifier: Advanced Water Gel GE-100
Electrolyzed, deoxidized and ionized Water Gel
Product use: Healthcare, cosmetic and technical applications
Supplier: ADWATIS SA, Boucle de Cydalise 1,
CH-2300 La Chaux-de-Fonds (Switzerland),
Phone +41 32 968 89 14

Section 2. Hazards identification

None

Section 3. Composition/Information on ingredients

Chemical name: Water
List of ingredients: Water S-100 (96.6%), MgNa₂O₆Si₂ (2,8%) Na₂HPO₄ (0,6%)
INCI name: Water and Mineral Salts and Sodium Magnesium Silicate and Disodium Phosphate
CAS number: not available

Section 4. First aid measures

Skin contact: none
Eye contact: flush with water
Ingestion: neutralize with water

Section 5. Firefighting measures

None

Section 6. Accidental release measures

None

Section 7. Handling and storage

Store in original sealed packaging in a cool and dry area, at room temperature, between 10 and 28°C.
Protect from light, freezing or excessive heat.

Section 8. Exposure controls / Personal protection

Personal protective equipment: none
Eye protection: none
Hand protection: none

Section 9. Physical and chemical properties

Appearance: semi-transparent gel/liquid
Smell: odorless
Specific gravity (20°C): 0,956 - 1.057
pH: 12 +/-0,5
Solubility: dissolve in water

Section 10. Stability and reactivity

Stable solution
Non-corrosive, non-oxidizing
pH neutralizes when in contact with organic acid

Section 11. Toxicological information

None

Section 12. Ecological information

None

Section 13. Disposal considerations

None

Section 14. Transportation information

Observe specific rule for each transportation method.
Emergency treatment guidance number: n.a.

Section 15. Regulatory information

None

Section 16. Other information

None
